

Generic Risk Assessment – Study: Indoor

Date: 14/01/2020

Completed By: Chris Trill

Where Hazards have been identified as Generic to all activities the controls are specified within the Generic Instructing Standards

Where Hazards have been identified as Generic to all Land activities the controls are specified within the Land Generic Risk Assessment.

Hazards (please specify)	Existing Control Measures (please specify if present)	Residual Risk Level (Insert values and multiple score : see key)		
		Low	Med	High
Slips, trips and falls	Participants are briefed on specific potential hazards. General housekeeping is done and checked pre-session. Instructor and guests to walk at an appropriate speed. Instructors to be trained to use ceiling projectors.	2 x 2 = 4		
Injury from equipment, fixtures or furniture	Participants to be briefed in the correct use of equipment, fixtures and furniture and manual handling. Faults to be reported and faulty equipment taken out of use.	2 x 2 = 4		
Injury from use of electronic equipment	Participants to be briefed in the correct use of equipment. Equipment should be positioned to minimise injury. Lighting considered. Faults to be reported and faulty equipment taken out of use.	4 x 1 = 4		

(Key: 1-7 = Low Risk; 8-15 = Medium Risk; 16-25 = High Risk)
