

Lochranza Field Centre **Site Specific Risk Assessment:** Coastal Studies, Lochranza to Catacol

Date: 14/01/2020

Completed By: Chris Traill

Where Hazards have been identified as Generic to all activities the controls are specified within the Generic Instructing Standards

Where Hazards have been identified as Generic to all Lochranza Field Studies activities the controls are specified within the Generic Off Lochranza Local Operating Area Risk Assessment

Where Hazards have been identified as Generic to all coastal and beach Field Studies the controls are specified within the Generic Risk Assessment: Study - Coastal and Beaches

Hazards (please specify)	Existing Control Measures (please specify if present)	Residual Risk Level (Insert values and multiple score : see key)		
		Low	Med	High
Throwing stones. Injury to individuals from thrown stones.	Instructors to brief group on the dangers of throwing stones. If throwing stones is allowed ensure that the group are parallel to the sea and a safe distance from one another and the sea.	3x2 = 6		
Debris on the Beach, injury caused by coming into contact with dumped munitions.	Students warned if MOD ordnance warnings are issued. Instructors to brief the group on hazards and keep them away from debris where possible (eg phosphorous flares).	4x1 = 4		
Sea Defences. Injury to individuals from falling off/ walking on sea defences.	Instructors to brief group on risks and maintain group control at all times.	2x1 = 2		

(Key: 1-7 = Low Risk; 8-15 = Medium Risk; 16-25 = High Risk)
